If you have questions, please contact p.ott@naturland.de

Time	Program
10:00 – 10:10	Welcome and introduction, Paula Ott , Naturland e.V.
10:10 – 10:35	Compost: process and its benefits, Ambrogio Pigoli , Consorzio Italiano Compostatori
10:35 – 11:05	Financial and organizational aspects of on-farm compost, Alessio Capezzuoli , Agronomist
11:05 – 11:25	Discussion & experience sharing, breakout sessions with local experts
11:25 – 12:30	Conclusions and next activities, Paula Ott , Naturland e.V.

About FER-PLAY

FER-PLAY is working to protect ecosystems, decrease EU dependence on fertilizer imports, and improve resource efficiency through the promotion of alternative fertilizers. The project is mapping and assessing alternative fertilizers made from secondary raw materials and highlight their multiple benefits to foster their wide-scale production and application. Seven fertilizers including struvite, feather meal, compost, spent mushroom substrate and biogas digestate are evaluated in life cycle analysis. The project with 12 partners from 6 countries under the coordination of CETENMA (Spain) is funded by European Union Horizon Europe.
